

# Fund Raising for Victims of Communal Torture in Bangladesh

On 5th January 2014, after the 10<sup>th</sup> parliamentary election, the Hindu community in Bangladesh was violently attacked, which shocked mankind around the world. The properties of Hindus were looted and their houses and business establishments were burnt. Affected families have no room to live, nothing to wear and nothing to eat. To provide financial support to those victims, we are raising funds.

If you are interested to contribute, please send your donation with your name and email address so that we can notify you with delivery of your contribution to the victims. All fund raised would be sent via BIVA a local NGO, which is currently working with affected people in Jessore.
