

Good Morning Bangladesh 2021 - Another Year of Success!

Glad to report Bangladeshi Community living in Sydney has raised \$38,341 this year (2021) for NSW Cancer Council's 'Australia's Biggest Morning Tea' initiative under the 'Good Morning Bangladesh' program. This is a collective effort and dedication of many volunteers, contributors and community members.

Three events have been organised this year including 2 face-to-face events at Lakemba (13 June 2021) and Blacktown (20 June, 2021) and last one over Zoom for Mascot (27 June 2021) due to COVID restriction.

Such initiative is a true demonstration of contributing back to Australian society from Bangladeshi-Australian community and this has been carrying out for the last 2 decades. This program was initiated by Late Dr Abdul Haq of Hassall Grove in 2001.

We have now crossed \$291k mark with this year's collection. The last 20 years' collection outcomes are attached here.

We would like to thank all the volunteers and community members for their generous contribution and unconditional support towards this program over the years.

Best Regards,

Dr Ayaz Chowdhury, Azad Alam, Farooq Hannan, Tanveer Shaheed, Rubaiyat Haq (Shathi).
